**Assembly Festival Ltd.
Assembly George Square Studios - FIVE**

SEATING

FIVE is an end on theatre space with 87 seats. There is a lighting T-bar in the middle of the fourth row of seating. This does not obscure any audience view.

THE STAGE

The performance area is approximately 5m wide by 3m deep and is constructed of 8' X 4' steel deck at a height of 150mm covered in black dance floor. There is no backstage area. Access to the stage is from stage left and down stage right. The dressing room is in the adjacent room. There is no cross over. It is not permissible to screw into the venue floors or walls.

MASKING

There are permanently hung black drapes hung upstage and masking the wings.

SUSPENSION

The underside of the rig is approximately 2m above the stage. There are no flying facilities. Lightweight items of scenery may be hung from the grid on single lines at the discretion of the Technical Manager

LIGHTING

The lighting and sound control positions are located at the rear of the auditorium, it may be possible for one person to operate.

CONTROL: ETC Colorsource 20

DIMMERS: 18 x 10Amp

Power supply Max. load: 10kW

EQUIPMENT: 1 x Source Four Jr., 4 x Fresnels, 5 x LED Pars

A good general cover of warm and cool light over the performance area is provided. The position and focus of these lanterns may not be changed, however they may be coloured for your show, provided this is possible within your set-up and strike time.

Additional lanterns can be rigged as company specials but must come from the stock of Assembly Festival's supplier. These units will be charged as an additional cost.

Blackout on stage is acceptable; however, absolute blackout is not possible due to emergency lighting regulations.

We do not allow companies to bring their own lights.

For the most up to date plans and technical specifications, please liaise with the Head of Lighting in the lead up to the festival. Please note these specifications are subject to change.

SOUND

The lighting and sound control positions are located at the rear of the auditorium; it may be possible for one person to operate.

We do not allow companies to bring their own sound equipment.

System : 2 x d&b Ci80 – plans available on request.

Monitors: 2 x Flown monitors are available

FOH Desk: Yamaha LS9-16 16 Input Digital Console with on board processing and effects

FOH Playback 1: 1 x Dedicated QLab playback system

FOH Playback 2: 1 x 3.5mm Jack inputs

The basic rig also includes 2 wired dynamic SM58 microphones and 2 DI boxes.

For information and costs for radio microphones please contact the Head of Sound.

Additional microphones, other sound equipment and backline equipment is available for hire. This equipment is provided by Assembly Festival's supplier and will be charged as an additional cost – details on request.

All sound equipment must be agreed in advance with the Head of Sound or the Technical Manager.

DRESSING ROOM

This is shared by all companies performing in the venue and is located adjacent to FIVE.

Tables, chairs and mirrors are provided for communal use.

The management cannot accept responsibility for the security of any items left in the dressing room.

You will have access to the storage and dressing room 40 minutes before and for 20 minutes after your performance each day.

STORAGE

There is no capacity to store large items of set. The storage area is adjacent to FIVE and includes going outside. Backstage storage is extremely limited and we recommend that companies keep their scenery/props requirements to an absolute minimum. It is not possible to provide storage space in other parts of the building. It is worth ensuring that your set is light yet durable enough to withstand daily dismantling.

ALL SET ITEMS ARE REQUIRED TO EASILY PASS THROUGH A STANDARD SIZE DOOR. 1m wide x 2.1m high.

ACCESS

FIVE is located at No. 50 George Sq, EH8 9JX

Access to the stage is from the auditorium, however it may be possible to pre-set in the wings.

There are two audience entrances/exits, one on either side of the auditorium, these must be kept clear as emergency exits. The venue is on the ground floor with access from the street. Load in and out is via the main entrance and via the steps leading from Windmill Lane, Off Buccleuch Place, EH8 9JS. The venue is wheelchair accessible.

STAFF

The theatre personnel work on a rotational basis. The duty rota comprises of one technical stage manager.

If the visiting manager requires additional staff to assist with the turn around, or the use of casual crew during the load in or load out, this can be arranged at additional cost. If the venue technical staff are only required for lights up /lights down (one cue to bring the house to a performance state and mic live and then one cue to bring the house back to exit state) during the performance this is included in the venue rental charges.

Basic operation of your show (a couple of simple cues) will incur a show call charge of £10 per performance plus VAT. More complex operating (that requires rehearsal) will incur a show call charge of £20 per performance plus VAT.

NOTES

Any additional staff or items of equipment, which the management are requested to provide, will be charged to the visiting company.

Any practical electrical equipment you wish to use should have a current PAT certificate and be cleared with Assembly Festival. We reserve the right to refuse the use of any equipment which is deemed unsafe.

Each company is assigned a get in/rehearsal time prior to their first performance This is the time for you to load your set and props into the venue and for you to re-tech your show.

You will also need to allow sufficient time to rehearse your daily turnaround and set storage. Please note that your slot time must include get-in and get-out time.

This rehearsal can be scheduled as early as the Saturday before your first performance. The company must be able to attend rehearsals at any time from the Saturday morning onwards.

Please note that, due to the Scottish Executive regulations, smoking is not permitted in any venues, including the use of herbal cigarettes. Only electronic cigarettes may be used.

At the end of the festival, please arrange for removal or disposal of your set and any unused publicity material. There will be a charge applied to cover the cost of disposal should you not comply with this request.

Please note, since this is a temporary conversion and not a permanent theatre, all measurement and quantities quoted in the above specification are approximate and may be subject to change. For detailed and up to date information regarding the venue please contact the Technical Manager – technical@assemblyfestival.com.
